

# FANSTEEL PRODUCTS COMPANY, INC.

NORTH CHICAGO, ILL.

CABLE ADDRESS  
"RAMET"

November 7, 1928

The Milwaukee Radio Amateurs' Club, Inc.,  
1928 Keefe Avenue,  
Milwaukee, Wisc.

Attention: D. E. Seibel, President

Dear Mr. Seibel:

In reply to your letter of the 28th ult.,  
which has been delayed due to my absence from the  
office.

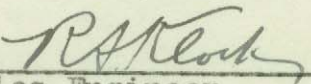

We thank you for your suggestion that we  
furnish a speaker to appear before your Club in the  
near future on some subject of interest to them.

Under ordinary circumstances, we would be  
somewhat hesitant to undertake to interest a Club of  
dyed-in-the-wool Fans in broadcast apparatus but we  
are sure that they are always interested in new things  
in radio.

The writer will be glad to arrange for a  
date at your convenience between November 14th and Nov.  
22nd, providing that we are advised as to the precise  
date by November 12th, the subject of the paper will be  
"Something New in Radio."

Yours very truly,

FANSTEEL PRODUCTS CO. INC.
